

Dear Parents and Carers,

Welcome to the start of a new year (and decade!) and another exciting term in Snowy Owls class with Mrs Madin and Mrs Tate. We hope you and your children have had a great Christmas season and are ready for the fun to come!

Please find attached some information on our topic '**The Romans are coming!**' that we will be exploring this term. Hopefully the children will find it enjoyable and learn lots at the same time too!

Some general information:

We will be inside **or** outside for P.E on Tuesdays with the Shrewsbury Town in The Community PE coaches, and on Thursdays we are very excited to have Jo Hutchings to work with us again on our Gymnastic skills. It is essential that your child brings PE kit – trainers, PE top and shorts or tracksuit bottoms in order to participate. Please also remember socks for children wearing tights.

Please send PE kit in on a Monday and leave it in school until Friday.

As the weather can be mixed please ensure that your child has appropriate outdoor wear (waterproof coat, hat, gloves, etc) so that we can use outdoor space as much as possible.

Please also remember a named water bottle for your child to use in class. This will keep our Snowy Owls hydrated and alert!

Regarding lost property the general rule is - if you wish your child to remain in possession of their clothes and belongings please name them clearly and check regularly to see if the names are still visible! Your help with this is much appreciated.

Supporting your child

To support your child in various aspects of work we would ask that you help them at home with their reading, spellings, maths skills challenge and homework. We have included some curriculum, assessment, spellings and times tables information and resources for your information.

Please remember to sign the reading record book and Challenge sheets so that your child can participate and earn rewards.

Homework

Homework will be sent home on a Tuesday to be returned to school on the following Monday. Homework is expected to be of a high standard. Please keep encouraging your child to do their best – it really does make a difference!

Last but not least, for any enquiries or concerns please don't hesitate to speak to either of us.

Kind regards, Mrs Madin and Mrs Tate
